Not For Tourists...Guide to NEW YORK CITY

**2010**

*Not For Tourists London 2009*, much hyped in the national press, was a big success. The second edition, **Not For Tourists London**

**2010** (9780981559148) is due this November, still priced at £9.99. Aimed at tourists and residents alike, it divides the city into locally recognised neighbourhoods, each with a map, and gives pithy descriptions of a well-chosen selection of nightlife and restaurants as well as more practical details of chemists and cash points. Editions for American cities are also out in November including **New York 2010** (59124) at £9.99.
